Re: Community Project Funding Request for Well 42 Project

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for Well 42 in Fiscal Year 2024.

The entity to receive funding for this project is the City of Delano, located at 1015 Eleventh Avenue, Delano, CA 93215.

The funding would be used for the creation of a new city well and treatment plant. The project is an appropriate use of taxpayer funds because it will create the capacity to provide clean and contaminant free water to the 14,840 residents residing in the census tract served by the new well.

The project has a Federal nexus because the funding provided is for purposes authorized by 5305(a)(2) – the acquisition, construction, reconstruction, or installation (including design features and improvements with respect to such construction, reconstruction, or installation that promote energy efficiency) of public works, facilities (except for buildings for the general conduct of government), and site or other improvements.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

David G. Valadao
Member of Congress
